

# Sydney To Gong Bike Ride (cancer fund)

This year three of our Wyvern boys will be competing in the Sydney to Wollongong bike ride. The three boys will be riding 58km on to Wollongong and are raising money for a good cause. The Cause is an MS disease foundation that the boys will be helping and each boy will be asked to raise \$250 worth of sponsorship.

## Why The Boys Are Competing

The boys have been asked to raise \$250 each and are asking the boys or parents of Newington college to kindly donate to this worthy cause. This donation helps various MS funds that the producer of the ride or (race) will be giving the money to. These boys are fully dedicated to raising enough money for these MS disease groups.

We welcome any size of donation except 5c and 10c. There will be a jar in the canteen and the office.
