Basketball Yr 3/4 White C	vs	Arden	Lost	28 - 5	Flynn Gannon
Basketball Yr3/4 White D	vs	Arden	Draw	10 - 10	Artie Terrible

**MATCH REPORTS -  
SATURDAY 13 OCTOBER 2012****Cricket 5A Traditional Team**

On a cool and damp October morning, Taylor Field at Barker College was the scene for a dramatic cricket match between Year 5A teams from Barker and Wyvern. Barker were sent in to bat on a field with thick grass cover and relatively short boundaries square of the wicket. This ensured an exciting match with boundaries on offer for batsmen to attack wayward bowling.

Barker started solidly, negotiating 4 overs without the loss of a wicket. Enter Lewis Barnes and Ethan Kelly! Lewis took a wicket in his first over helped by a brilliant Ben Leung catch. In his second over Ethan took two quick wickets to be on a hat trick in his third over later in the game. Wyvern bowlers did very well to apply pressure throughout Barkers innings. Two wickets from Aaron Hawkes and a wicket from Sami El-Zein late in the innings could not prevent barker from posting a formidable target of 129.

Wyverns run chase became harder when Henry Cain was lost early on. Tim Pritchard steadied the innings joining Ben Leung at the crease. The boys added valuable runs before Tim was dismissed for 8. Ben Leung was in fine touch once again, hitting boundaries including two sixes, seemingly at will. He soon reached the score of 40 not out and was retired.

During the next period of time Barker got the upper hand and put the pressure on Wyvern with some tidy bowling. Wyvern needed to score at around 8 runs an over with 5 over to play to claim victory. Lucas Dorrell had occupied the crease for a time and was looking to accelerate the run rate. Lucas blasted the

ball all around the field hitting boundaries with power along with Ben Higgins late in the match. These efforts were still unable to prevent the match going to Barker, with Wyvern finishing the 25 overs with 113 runs. Man of the match, Lucas Dorrell finished with a tremendous 34 not out and Ben Higgins made a quick fire 10.

**Mr Joel Wilson - Coach****Cricket 5B Traditional Team**

With the switch to traditional cricket now taking place it was important that the team got off to a great start. With the extra time and flexibility given to the players in the longer form of the game these words became even stronger. Unfortunately though, a combination of poor shot selection and excellent bowling found Wyvern down early in the game. A steadying partnership between Dean Begetis and Marcel Chew did stem the tide though and it put some respectability back in the score. Marcel and Dean showed the value of stoic batting and resolute defence and the benefits they provide for a team.

When it was our turn to field we got off to the best possible start with Patrick Fitzgerald having a dream opening spell taking two wickets with two beautiful balls. Tom Marchese was applying the pressure up the other end with some fantastic bowling as well and he chimed in with a wicket of his own. Unfortunately though the target was not quite high enough for the bowlers and Barker reached the total.

A great effort from our boys who never gave up and put in a great effort with some promising signs.

**Mr Jeremy Burke - Coach****Basketball A Team**

Last Saturday the basketball A team played Saint Ignatius (Riverview). The A's were beaten 59 -29, a disappointing result for the first game of the season. The loss was a result of players in the A's having not played basketball for two terms as it was winter sport in that time. There was a huge lack of defence and some players simply allowed the other team to dribble right around them. Even though most of the A's haven't played together for a while there were glimpses of great play and good team work. I think that with some more practice and playing time the A's will become more skilful as a team and start to become a threat to other schools.

On the Offensive side, the lack of penetration into the key and close to the basket cost us a lot of points that also contributed to the thrashing. This was a result of no Offensive structure, e.g. cutting to the basket or posting up. On the bright side there were again glimpses of good team work when Darcy would drive to the basket and pass to someone in a "hot spot". Overall the A's did not give up and showed great sportsmanship throughout the whole game.

**Mr Justin Brayley - Coach****Basketball B Team**

Last Saturday, we played a difficult game against St Ignatius. We struggled a little in getting back on defence, but the boys played hard. There was good passing and teamwork by all boys, especially Rupert Drake, Henry Larking and Josh Macdessi. Next week we will look to work on our defence and restrict the opposition to a smaller score.

**Mr Justin Brayley - Coach**
