Winter Sport Preference Survey 2013

Dear Parents,

At present, Wyvern House is in the process of planning our Independent Primary School Heads of Australia (IPSHA) winter sporting commitments for 2013. This survey helps us to determine how many teams we need to enter into each competition. During Terms 2 and 3 we offer the sports of **rugby** and **football**.

We are also considering **tennis** as a winter sport option for those boys that do not achieve selection in either rugby or football. If this is an option in which your child would be interested (as a 'second preference' only) please indicate this interest on the table below.

Please indicate below the sport that you wish him to play, the age he will turn in 2013 and the Year Grade you would like him to play.

NOTE: Your son will automatically be allocated a team in his Year Group. However, if your son is younger in his year and you would like special dispensation for your son to play down in the Year Group below, please notify on your return slip. For example, a Year 5 boy who will turn 10 during 2013 could play in a Year 4 team. Please nominate carefully as changes to initial preferences are not made often, if at all. This is due to the impact they have on team numbers and our planning of IPSHA competition entries.

Please return the survey slip to your son's classroom teacher by Monday 11 February at the latest.

Thank you for your assistance with this planning and if you have any questions about this or any other sport related matters, please feel free to ask.

Kind Regards,

Joel Wilson

Newington College – Wyvern Sports Administration Assistant

(Please detach and return to your son's classroom teacher by Monday 11 February, 2013)
