Basketball Yr 3/4 White D	vs	Kings	Lost	7 - 14	N. Wandmaker

### **Cricket Year 4A Traditional Team Match Report - 26.10.2013**

The 4A's were set a tough assignment this weekend, facing up against a spirited Grammar side in St Ives. Grammar won the toss and elected to bowl, and some tight fielding ensured that runs were hard to come by for Wyvern. Quick running between the wickets saw our openers get off the mark, but the run rate remained low. Enter Lachlan Harmer, whose patience early on paid dividends, smacking four boundaries in his 8-over knock before retiring. Wyvern set Grammar a total of 65 to chase down in 25 overs.

Opening bowler Ridley De Lange took a sharp catch off his own bowling to get Wyvern off to a great start, and some very tidy keeping from Stefano Ottavio saw more wickets fall from run-outs. Addison Eastway was generating some dangerous swing on the ball, and was unlucky not to have clean bowled Grammar's middle order.

Unfortunately 65 was too slim a target to defend, and Grammar chased down the total. There were plenty of positives for Wyvern to take away from this game, though, and I've no doubt they'll bounce back next week!

**Mr Campbell Jensen-Robilliard – Manager**

### **Cricket Year 4B Super 8 Team Match Report – 26.10.13**

With beautiful cricket conditions awaiting at Buchanan the boys arrived ready to play. Mosman would be a tough match but we were ready! With luck on our side we won the toss and elected to bat. Some excellent running between the wickets and shot selection saw our opening pair of Matt & Dave see off the new ball and without losing a wicket. Some fantastic batting from Jaxon Jarvis and Fallon Fotaras followed with ample support from the boys up the other end. The boys set up a very competitive total of 74.

With our turn to bowl the mantra was line and length. A few loose overs and Mosman were very much in the game. However some incredibly tight bowling from Tom Hirst kept the last pair from Mosman under pressure and they were unable to get the runs. Special mention must also go to Fallon Fotaras for his sensational bowling effort. All in all a great game from the boys and a well-deserved win!

**Mr Jeremy Burke – Coach**

### **Cricket Year 3 Development Squad Match Report – 26.10.13**

During the summer sport season members of the Year 3 Cricket Development Squad have been training hard in anticipation of their first match, coming up in November. The boys are working on batting, bowling and fielding skills. As some of the boys had never played before, the improvement has been marked. I noticed some increasingly accurate bowling and confident batting at last Friday's session. Lengthening periods of focus in the field have led to some increased skills in this area also. Development squad offers some fast and fun drills and mini games that are hotly contested. Last Friday's Man of the Match, Luca Di Cristo is typical of the overall enthusiastic participation in all aspects of the squad's activities.

**Mrs Sharon Lewandowski - Coach**

### **Basketball Year 5/6G Team Match Report – 26.10.13**

A beautiful sunny morning greeted the 5/6G's as they arrived for the re-match against Sydney Grammar, Edgecliff. After a Wyvern win in the final minutes of our last game, Grammar were keen for a win of their own.

Adam and Oscar led the attack for Wyvern, but Grammar defended well and shot 11 in the first half. Trailing by 2 points the boys remained confident. Both teams had a high scoring second half with Grammar inching ahead late in the match. Wyvern took a lot of shots that unfortunately didn't materialise into the points they needed to win. Grammar won 27 points to 21.

**Mrs Penni Maher - Manager**

### **Basketball Year 5/6H Team Match Report – 26.10.13**

With an early start at our opponent's home court, the Wyvern players, always enthusiastic, were ready to match up with Sydney Grammar for the second time this term. The first half consisted of their number 65 taking and placing all of Grammar's points. Jake, Thomas and Nick played hard and answered these points with some of our own. At half time the score was 6 – 7, Grammar's way.

In the second half, Grammar's number 65 elevated the scoring pressure and put on 6 unanswered points before we answered with a couple of lay-ups. With a run of reaching fouls in their key, Grammar surged ahead on free throws to win the game 17 points to 12.

**Mrs Penni Maher – Manager**

### **Teeball A Team March Report – 26.10.13**

The teeball team had a fantastic match last Saturday the 26<sup>th</sup> October against Grammar St Ives. They won with an impressive score of 29-16. The boys did a fantastic job of playing the game with strategy and commitment. They all did an excellent job stealing extra bases when possible and looking to run home if the opportunity arose. Quite a few boys hit home runs, which is a tremendous improvement from Term 1. There was some excellent fielding from Alex Watson at pitcher, George Evans at first base, Antony Listas at third base and Noah Economidis and John Gardener in the out-field. Every boy in the team is to be commended on their progress this year. Every boy has increased their understanding of the game strategy and passion for teeball. They have greatly improved in their skill and coordination since the beginning of the year. Congratulations boys.

**Mrs Emma Clemens – Manager**

### **Tennis Report – 26.10.13**

Each Saturday morning the Wyvern boys have turned up for their early start with great enthusiasm. The Hot Shots tennis program has been very enjoyable for both the coaches and the boys, with most boys showing great improvement in their movement, their skills, and their general understanding of the game. The boys have been given the opportunity to progress through the Red Ball, Orange Ball and Green Ball levels of the Hot Shots program. Hot Shots has been designed so players gradually develop their skills and their understanding, on smaller courts with low compression balls. The end result is that players will reach full-court tennis with a better skill-set, and therefore be more able to adapt to the high-bouncing, faster game that is full-court tennis. Well done to all boys with special mention to Martin Ong, Sam Roediger and Sebastian Vardavas who have shown great skill and concentration in the first weeks of this term.

**Mr Greg Royle – Director of Tennis**
