Newington College

Wyvern Family Mentor Program 2014

The Wyvern P&F is seeking volunteer families to play a vital role in helping new boys and their families settle into Wyvern House by being mentors for those families joining your son's year group. Starting a new school can seem daunting to children and their parents, and our goal is to make their start a great one with a warm welcome from the Newington community.

The role of family mentor is fun and straightforward, involving phone calls and/or emails to new families over summer to welcome them and offer any advice or additional information they might need, and possibly even organising a play date. If the new family is attending our welcome picnic or cocktail party you could also arrange to greet them on arrival.

Please contact Jo Wandmaker at jow@live.com.au to volunteer a little time and school community spirit. Your help is needed and greatly appreciated.

Alternatively, fill out the details below and return to the Wyvern office by 15 November 2013.

Many thanks in advance! Wyvern P&F Executive
