Before School / After School Care Program

Homework Club

At the start of the year many parents expressed concerns about their children's homework levels, so a parent survey was conducted and results confirmed that most parents wanted a more rigid homework only period at after school care. We trialled altered schedules, as we often do to ensure our daily routine is the most effective it can be and the winning result has been a more highly structured homework half hour, that takes place between 4.30pm and 5.00pm, Monday through Thursday. Our newly timetabled art club also takes place within this quiet indoor half hour as, it become apparent to us during our increased after school care meetings that our minority of artistically driven boys would like a space in which, they could experiment with crafts and comfortably develop their artistic identities.

During this time, all boys who do not elect to do their homework, reading or a quiet art activity, must play supervised outdoor games in the gym. The double doors are closed and the internal program space becomes a calming environment for children who need quiet time to complete homework, make art or simply relax with a book.

Please note: While the boys are informed of homework time at 4.30pm and asked if they have homework to complete, it is important that parents communicate to their children if they are expected to complete homework while at after school care. It is then up to the child to be responsible with their time and to honour their commitment. A newly posted 'Homework Club Members' chart is assisting with this matter, so if you would like to add your child's name to the members chart, we will be able to monitor their commitment and progress more effectively. Thank you for your assistance with this matter. Please do not hesitate to contact Eleanor on 0428 131 700 or via oshclub.newington@gmail.com if you would like to discuss homework at after school care in greater detail.
