Having trouble?

This system uses the email address for parents and guardians that is recorded as the official one for "reports". It's possible the College doesn't have a current email for you. Please contact the office in one of our campuses for further assistance.

To set up an account we need a **unique email address for each person**. If you have the same address listed for multiple members of your family please contact the office in one of our campuses to advise which family member should use that address.
