# Welcome February

## Coordinator Corner

Happy Week 4 everyone!  
I hope everyone had a fun and enjoyable start to the term.  
At OSHClub we started the term off with a bang! We spent the first week getting to know all the new Wyvern children who are coming to our care. We played a few get-to-know-you games which was heaps fun and allowed the children to ease into the first week of school and our program. Week 2 was filled with different science activities where children learnt about different forces through testing paper airplanes. Last week, the children enjoyed had fun with cooking where they made smoothies and flavored milk, as well as sampled different styles of food each day.
